

THE MODERN DAY
SCHOOL OF THE ARTS
PRESENTS

forthe loveofarts *inNigeria*

Are you an Arts Professional/Organization, an Aspiring Artist or just a Lover of "Arts"? Then this Event is for you!

The "Arts" as we may already know are very important in every community because it allows individuals the freedom of expression, communication, imagination and cultural understanding.

MDSA was founded to do just that while simultaneously advancing literacy in the community and promoting quality education. Education at MDSA aims to liberate students to create, explore and expand their talents.

As part of the activities leading to its JULY 2012 Launch, the School is presenting this event to the community to not only raise funds, but feature the Best in Nigerian Arts while creating awareness and promoting the Arts Industry in Nigeria.

We look forward to taking you on a Journey that will give you a new respect and appreciation for the ARTS. This event will celebrate Nigerian Arts while also positioning aspiring artists to seek opportunities to venture into careers in the fields of art and design.
